  6. Tokenomics
  7. Earn System
  8. Roadmap
  9. Team and Community
  10. Security and Compliance
  11. Contact Information
- 

## 1. Introduction

**Ninjas For Trump Coin (NFTC)** is a meme token built on the Solana blockchain, blending humor, innovation, and utility. Our project stands out by integrating an accredited online educational platform, **Trump Legacy University**, and introducing a **Learn-to-Earn system** that empowers users to earn NFTC tokens while engaging in real-world learning.

---

## 2. Vision and Mission

### **Vision:**

To redefine the potential of meme tokens by combining community engagement with tangible utility, making education accessible and rewarding for everyone.

### **Mission:**

To empower individuals worldwide by merging cryptocurrency and education through a scalable, user-focused ecosystem.

---

### 3. The Problem and Solution

#### The Problem:

Most meme tokens lack real utility, offering only short-term hype without long-term value. Additionally, access to affordable, accredited education remains limited for many.

#### The Solution:

NFTC combines the viral power of memes with the impactful utility of an accredited online university. By introducing a **Learn-to-Earn system**, NFTC creates a self-sustaining ecosystem where users can earn tokens while expanding their knowledge and skills.

---

### 4. Project Overview

NFTC is a cryptocurrency project built on the **Solana blockchain**, leveraging its speed, scalability, and low transaction costs. At its core, NFTC is more than a meme—it's a movement focused on blending fun, education, and rewards for a global audience.

---

### 5. Utility: Trump Legacy University

**Trump Legacy University** is an accredited online learning platform certified by the **CPD Group**, offering courses designed to help users grow personally and professionally.

- **Learn-to-Earn Integration:** Users earn NFTC tokens by completing courses, quizzes, and certifications.
  - **Accessible Learning:** Affordable courses tailored for diverse interests and professional development.
  - **Blockchain-Based Certificates:** NFT-based certificates and badges for course completion.
- 

### 6. Tokenomics

#### Total Supply:

**1 Billion NFTC Tokens**

#### Distribution:

- **10%:** Team Allocation (vested over time)
- **4%:** Trump Legacy University for development and operations
- **6%:** Marketing and Earn/Referral Program
- **80%:** Community Growth and Ecosystem Utility

**Utility:**

- Course payments and rewards at Trump Legacy University.
  - Staking and governance opportunities (future).
  - Referral rewards for growing the community.
- 

## 7. Earn System

**Learn-to-Earn:**

- Earn tokens by completing courses and reaching milestones.
- Bonuses for achieving streaks or completing multiple certifications.

**Referral Rewards:**

- Invite new users and earn tokens as they join and participate.
  - Dual rewards for referrers and referred users.
- 

## 8. Roadmap

**Phase 1: Token Development and Launch**

- Deploy NFTC on Solana and audit contracts.
- Launch the official website and social media channels.

**Phase 2: Launch Trump Legacy University**

- Accredited by the CPD Group.
- Integrate Learn-to-Earn rewards system.

**Phase 3: Community Growth Initiatives**

- Launch referral rewards program.
- Expand partnerships within the crypto and educational sectors.

**Phase 4: Scaling and Expansion**

- Introduce advanced courses.
  - List NFTC on decentralized and centralized exchanges.
- 

## 9. Team and Community

**Core Team:**

Experienced developers, educators, and marketers dedicated to building a sustainable project.

## **Community:**

NFTC is a community-driven project that values transparency, engagement, and collaboration.

---

## **10. Security and Compliance**

- **Blockchain Security:** Smart contracts audited to ensure safety.
  - **Compliance:** Fully compliant with Solana ecosystem standards and best practices.
  - **Transparency:** Tokenomics, allocation, and updates will be made public.
-
